

You

Trina

Hey
You play to many games
I aint even gotta say no names
Love
Yea like really
Why you gotta make me look so silly
Why you gotta make me feel so dumb
Cuz I run back to him then he act so dumb
Now chicks in his phone
I'm surprised he aint dumb
Now yellin letting em scream
Now I'm feelin real dumb
Love can be a liar
Love can be deceiving
Love is never temporary cuz it's never leaving
But you left everything that was good for you
We did all of the things that you wouldn't do
And now you think I'm suppose to run back to you
So we can start on over

I thought you was down to ride
But when it came that day
I guess Somebody lied
See the games you play
I played them all the best
And I'm certified
I'm holdin on to me
Lovin me
A fool for you I'll never be
I'm all for you but you don't see
I'm lettin go
Get away from me
Neva put a man in front of ya self
Love you first you can do it by yourself
You already kno you only bout one thang
But he talkin bout nuttin
He aint talkin bout a ring
He aint talkin bout a ring
Get up outta my face
He aint talkin bout a ring
I can pay my bills
He aint talkin bout a ring
I'm independent
He aint talkin bout a ring
How you feel

I'm independent
Don't need for nuttin
I'm always stuntin
I'm what you wantin
Dudes come to me
And I say it's nuttin
Cuz I'm into you
You think I'm frontin
You think I'm frontin
But I'm the same
Imma stay up all nite

When you high shit
Talkin shit
Why you wanna come home all mad
Trynna accuse me of sumthin
Who I'm touchin
Who I'm lovin
You in my phone aint findin nuttin
Why you actin like that
I aint doin nuttin
You me feel ion need lovin
Ion need you
I wouldn't give it all up juss to be wit you
And I hate just wateva you can't do
But I kno what I gotta do
Love me
Say bye to you

I thought you was down to ride
But when it came that day
I guess Somebody lied
See the games you play
I played them all the best
And I'm certified
I'm holdin on to me
Lovin me
A fool for you I'll never be
I'm all for you but you don't see
I'm lettin go

Neva put a man in front of ya self
Love you first you can do it by yourself
You already kno you only bout one thang
