

# You

Trina

Hey  
You play to many games  
I aint even gotta say no names  
Love  
Yea like really  
Why you gotta make me look so silly  
Why you gotta make me feel so dumb  
Cuz I run back to him then he act so dumb  
Now chicks in his phone  
I'm surprised he aint dumb  
Now yellin lettin em scream  
Now I'm feelin real dumb  
Love can be a liar  
Love can be deceiving  
Love is never temporary cuz it's never leaving  
But you left everything that was good for you  
We did all of the things that you wouldn't do  
And now you think I'm suppose to run back to you  
So we can start on over

I thought you was down to ride  
But when it came that day  
I guess Somebody lied  
See the games you play  
I played them all the best  
And I'm certified  
I'm holdin on to me  
Lovin me  
A fool for you I'll never be  
I'm all for you but you don't see  
I'm lettin go  
Get away from me  
Neva put a man in front of ya self  
Love you first you can do it by yourself  
You already kno you only bout one thang  
But he talkin bout nuttin  
He aint talkin bout a ring  
He aint talkin bout a ring  
Get up outta my face  
He aint talkin bout a ring  
I can pay my bills  
He aint talkin bout a ring  
I'm independent  
He aint talkin bout a ring  
How you feel

I'm independent  
Don't need for nuttin  
I'm always stuntin  
I'm what you wantin  
Dudes come to me  
And I say it's nuttin  
Cuz I'm into you  
You think I'm frontin  
You think I'm frontin  
But I'm the same  
Imma stay up all nite

When you high shit  
Talkin shit  
Why you wanna come home all mad  
Trynna accuse me of sumthin  
Who I'm touchin  
Who I'm lovin  
You in my phone aint findin nuttin  
Why you actin like that  
I aint doin nuttin  
You me feel ion need lovin  
Ion need you  
I wouldn't give it all up juss to be wit you  
And I hate just wateva you can't do  
But I kno what I gotta do  
Love me  
Say bye to you

I thought you was down to ride  
But when it came that day  
I guess Somebody lied  
See the games you play  
I played them all the best  
And I'm certified  
I'm holdin on to me  
Lovin me  
A fool for you I'll never be  
I'm all for you but you don't see
