

My Sweet Angel

Trio

Right from the start
you captured my heart
yes you are my sweet angel

Heaven above
must have sent me your love
yes you are my sweet angel

I want you to know
I'll never let you go
because you are my sweet angel

Angel good angel fine
angel so easy
angel my sweet angel

I lived in the night
now I follow your light
yes you are my sweet angel

I belong to you you belong to me
it's so clear to see
that you are my sweet angel

Angel good angel fine
angel so easy
angel my sweet angel

I belong to you you belong to me
it s so clear to see
that you are my sweet angel
