

# Fallin'

Trip Lee

I don't really want it but it's calling my name  
"Will you come and get me I can take away the pain  
Come a little closer you got everything to gain"  
But I got too much to lose I'm bout to go insane  
I been here too many times got my head low  
If I gave a dime for every time I'd be dead broke  
I feel that battle in my soul the pressure closing in  
My passions asking for a pass and I can't hold it in  
There I go again no self control again I'm too good at giving in  
Feeling like throwing in the towel the guilt is closing in  
Sometimes I climb the heights but I'm at my lowest sin  
Cloaked in deception and overdosing on potent sin  
I'm so gone baby wanna be home again  
Wanna feel whole again come fill this hole again  
Now I'm doubled over with my face in my knees  
At your side is where I wanna be  
But there I go again I'm falling

Face to the pavement  
Once again faced with the same sin  
(There I go again I'm falling)  
I don't think I'm a make it  
Don't know how much longer I can take it  
(There I go again I'm falling)  
So I'm caught up in this sin  
I wonder if I see Your face again  
(There I go again I'm falling)  
Falling (3x)  
There I go

Trying to keep it cool I don't wanna lead em playing  
But it's hard to block out everything that she be said  
Look like keep coming baby just reach out and take my hand  
There's no need to fear me all I wanna do is dance  
I believe the lie now I'm headed for a door  
They have finally got me locked and I'm bout to be the song  
Feeling like I'm watched by everybody in the room  
Cause they know I'm a fake and if not they will soon  
Have you ever felt like the walls finna close in  
Shackles on your hands and your feet and your dozing  
Sleep til the logic you possessed before all of the mess  
Sound so be headed mess with the rest what's left (Is a schizophrenic  
Shell where a man once was  
Now you get to see the damage your lust does  
So now I'm doubled over with my face in my knees  
At your side is where I wanna be  
But there I go again I'm falling

Face to the pavement  
Once again faced with the same sin  
(There I go again I'm falling)  
I don't think I'm a make it  
Don't know how much longer I can take it  
(There I go again I'm falling)  
So I I'm caught up in this sin  
I wonder if I see Your face again  
(There I go again I'm falling)

Falling (3x)  
There I go

Everytime I fall He go'n pick me up(The Lord is my shepherd homie  
He  
Go'n pick me up  
I fell into the trap again but He go'n pick me up  
Remind me of His promises in Him I put my trust  
I don't never have to give in to the lies  
I'm feasting on His word all my sin I do despise  
So now I'm down before His throne praying on my knees  
Asking Lord give me grace please  
I don't wanna be falling

So I gotta face this but I know there's nothing that He can't fix  
(I don't wanna be falling)  
Looking to the cross where they placed Him  
Cause I know His grace is amazing  
(I don't wanna be falling)  
He's covered all my sin  
It's gone never to be seen again  
So Your calling  
Calling (3x)  
Me to You
