

# Give Him Glory

Trip Lee

Yeah, if they only knew man.  
Don't worry about who I am man.  
Cause I ain't nothing but a tool for God's glory.  
You know what I'm saying.

I'm not trying to get cash, this task  
Hate to make our hits last (the world)  
??? the beats so fast  
Your boy got whiplash  
We got different motives/ I ain't trying to get the dough/ it's switched and  
now we spitting flows/ and living just to lift Jehovah/  
Forget my name and my face/ I ain't just an entertainer / we was made for th  
e Savior/ to glorify His name bruh  
So when we walk out we Walk it Out/ with crosses on our back/ and we live fo  
r the One we talk about/ and He taught us how to act bruh  
We aint here for our pleasure/ we aint here to have fun/but to help them see  
our God better/ we aint trying to stack funds  
I aint telling fairytales/aint just telling my story/cause my life aint wort  
h nothing/if it aint giving God glory  
So I aint got no songs where I repeat my name/ in every single song you're h  
earing Jesus reigns  
No I aint much of nothing/ nothing but a sinner bro/ by grace I'm more/ I pr  
aise the Lord/ the only thing worth living for.

Chorus

Ay, I aint living for myself  
No it aint about me  
Anything the Lord do  
He can't do without me  
So give him glory (with your beats)  
Give him glory (with your verses)  
Give him glory (in the streets)  
Give Him glory (in your churches)

We tryna lift His name up  
We don't want you praising us  
Putting Christ front and center  
And we laying in the cut  
So give him glory (with your beats)  
Give him glory (with your verses)  
Give him glory (in the streets)  
Give Him glory (in your churches)

2nd Verses

When I eat, sleep, hit the streets/its only for His glory man/Plus I can gro  
w each time I read/ He put it all before me man  
Naw I aint gotta wonder how to please him with my life/ its in the Bible man  
I can model what I see up in the Christ  
God came in the flesh/he's the best/ I can mock his living  
And it was clear while he was here He was all about His Father's business  
He wasn't worried about himself/ he was humble as a mug  
He taught the folks how to act and was showing others love  
We aint trying to promote self, naw  
We giving cats the Bible  
We aint trying to make dough/we trying to make disciples  
Each time we learn we pass it on to a group of faithful men/we read it back/  
we teach the cats/ we pray they take it in

And when we make decisions/each time we have to base them/ on how the Lord can get His glory/ out the situation  
It says in Proverbs ???/ His glory is our purpose/ so if we living for ourselves/ our life is truly worthless

Chorus

Trip Lee-

So give him glory (with your beats)  
Give him glory (with your verses)  
Give him glory (in the streets)  
Give Him glory (in your churches)

So give Him glory every day man  
Give Him glory in every way man  
Don't start living for yourself homie  
Don't get led astray

Chorus
