

Take Me There

Trip Lee

Yeah

Hey I wonder if there is anybody else
Who is about ready to go home

I just wanna go where
I'm only breathing your air
Father hear my prayer
Take me there
Take me there

(I wanna see you)

I just wanna see you
Brighter than I'm used to you
Finally see it clear see it
Take me there
Take me there
Take me there

---(chorus)---

Yeah.

Tell me have you ever seen a
Brother so weighted you can tell by his demeanor
That he's really jaded Tryna get out this arena
He longs for something greater but they say he's just a dreamer
But he has a treasure that he holds like gold
Cuz he knows something that them boys don't know
Nothing seems funny when his money's so low
But when he thinks about the place man he really wants to go

That he ain't all obsessed with the cash he can stack
Because he's looking to the heavens where his master is at
But he does have treasure and he's storing it up
Seems foreign to us, it can't be stolen or rust

So when the cares of this world start weighing on him hard
And he's tired of the bills he's been paying on his car
He can't wait to be embrace by the Lord face to face
So he waits for his reward and he sings:

Tell me have you ever seen her?
She's sick with a disease and it's really tryna beat her
It's taken all her strength
She knows that it can't defeat her
Cuz she gon' be with Jesus
She's more than just a dreamer.

Her peace and her joy man it really ain't gone
It's all because she knows earth really ain't home
And even when she's by herself she really ain't alone
Her Savior's there with her while she's singing this song

She knows sickness might get her
And death might grab her
But she aint scared of death cuz she's trusting in the master
Was buried but he rose up a few days after

So death might attack her but death cannot have her

So she tells her family, "don't worry anymore"
When she's gone from the body she'll be present with the Lord
Her body will be raised, so much glory is in store
He is her reward so she sings:

Hey I don't know about you but I can wait till the day
When I'll be with my Lord and everything is ok
And I'll be just like him so sin won't get in the way
Basking in his glory that's where I want to stay

I place where shadows give way to the real
And circumstances can't change the way that I feel
Joy in my Savior that Satan can't steal
Because he's been defeated- yeah you know the deal

The Real Good Life
I can't wait please take me soon
Until then I'll be praising in the waiting room
Fighting by his grace
Can't wait to embrace the groom
Until then I'm like
