

## Heart Of A Fighter

**Tripod**

We're born and then the end is nigh  
We live, we love, we laugh, we cry  
We get old, we regret, we die  
But not I!  
I won't go into the night  
I have faced a dragon's bite  
When the reaper comes, I'll fight  
I won't die!  
Never fade away  
Oh no, not I!  
He will never die  
Who has the heart  
Heart of a fighter  
Heart of a fighter  
Heart of a fighter  
Heart of a fighter  
Heart of a fighter  
Heart of a fighter
