

## If I Had A Tattoo

Tripod

If I had a tattoo  
I would get one of you  
Or at least of a generic womans body  
Draw your head on with a texta  
If I had a tattoo  
I would get one of your name  
Or at least I'd get the alphabet  
And circle all the letters that I needed  
You know I wanna stay with you forever  
(ooooo, ooooo)  
Spend eternity with you  
There's nothin that our love won't last us through....  
But a tattoo  
Just seems so permenant.....  
If I had a tattoo

If I had a tattoo

You know I wanna stay with you forever  
(ooooo, ooooo)  
Spend eternity with you  
There's nothin that our love won't last us through....  
But a tattoo  
Just seems so permenant.....  
So I got a tattoo  
From a temporary tattoo parlour  
The tatto it stayed on  
But the parlours gone
