

# Taking The Life

Tripod

Ooh, taking the life  
Taking the life  
Of a fellow living creature

Ooh, taking the life  
Taking the life  
Of a fellow living creature

As long as I live  
I'll never forget  
The look in his eyes  
As we stomped on his face

Ooh, taking the life  
Taking the life  
Of a fellow living creature

Who's the real monster here!

Ooh, taking the life  
Taking the life  
Of a fellow living creature

With every limb I chopped off  
I lost a piece of myself  
I smashed him mercilessly  
And now I see  
That the smashee was me

(Clawing at me)  
For mercy  
(Looking right in my eyes)  
As I died  
(Imagery)  
I'll always carry with me  
(How could he be)  
So heartless  
(He's been set free)  
Now what about me?

[Gatesy bursts into tears]

Ooh, taking the life  
Taking the life  
Of a fellow living creature

Ooh, taking the life  
Taking the life  
Of a fellow living creature

Ooh, taking the life  
Taking the life  
Of a fellow living creature
