

Bang!

Trippie Redd

I can't do this anymore, trying not to be ignored
Put my pedal to the floor, I spread my wings I let them soar
Let them soar-oar, let them soar

I can't do this anymore, yeah
When it rains it really pours, yeah
Like an eagle Imma soar, yeah
Desert eagle let it roar, yeah
Let it bang-bang, let it bang-bang
Let it rang-sang, let it bang-gang
Baby yes you're mine, baby yes you're fine
When I'm on the road, do I cross your mind?
When I'm on the road, baby yes come ride, yeah
Let it bang for me, rang for me
She let that shit sang for me, yeah
She gon' let that shit bang for me yeah
She gon' let that shit bang for me yeah

New Chanel walkers, when I walked up in the room
Maison Margiela, when I walked up in the room
Bunch of dull smokers, when I walked up in the room
Iced out motorola, when I walked up in the room
Woadie with my chopper, talking down and boy you're doomed
Used to want a 'rari, now I'm rich I bought a coupe
Now I'm switching lanes and I never keep a roof
You going out sad, all they do is laugh at you
Now I gotta get it for my momma and my sisters and my nephews and my nieces
love'em all
Hope you niggas really ready for the fall
When it all comes down, who can you call?

I can't do this anymore, yeah
When it rains it really pours, yeah
Like an eagle Imma soar, yeah
Desert eagle let it roar, yeah
Let it bang-bang, let it bang-bang
Let it rang-sang, let it bang-gang
Baby yes you're mine, baby yes you're fine
When I'm on the road, do I cross your mind?
When I'm on the road, baby yes come ride, yeah
Let it bang for me, rang for me
She let that shit sang for me, yeah
She gon' let that shit bang for me yeah
