

Be Yourself

Trippie Redd

Everyone's the same, nigga be yourself
Y'all all need to change, man ya'll need some help
And I remain the same, nigga being myself
And if you can't, on God, nigga kill yourself

Since a jit, I been the motherfuckin' shit dawg
I got them mad, they in they feelings, yeah they pissed off
I had to go and flood it, VVS the wrist dawg
You better pray to Big 14, I'm heaven sent dawg
I don't do Moët, sipping Rosé and some Cristal
I get my drank from Rocket, nigga ball like Chris Paul
I get my cash fast, nigga Sonic Hedgehog
I shot that bitch 14 times and sped off
You keep on fucking with the gang, I knock your head off
They thought they ran the fucking game and now they fell off
You unbelievable nigga, just like a dead dog
You feeling froggy, then leap hop dead frog, but

Everyone's the same, nigga be yourself
Y'all all need to change, man ya'll need some help
And I remain the same, nigga being myself
And if you can't, on God, nigga kill yourself

I spoke to God yesterday and I told him save me
Think it's the rapture today and I told him take me
I empty clips on them niggas, don't know 'bout safeties
I got 'em glitching and shaking like they got rabies
I liked her picture on the Gram, now that bitch my baby
I'm in a S550 swerving Mercedes
And I'm the great, little hate, I won't let it change me
Don't gotta like it, it's fuck you and pay me

Everyone's the same, nigga be yourself
Y'all all need to change, man ya'll need some help
And I remain the same, nigga being myself
And if you can't, on God, nigga kill yourself
