Yeah, rollin' around in my city, I feel like I'm Diddy  
Yeah, all these niggas they some suckers, I show 'em no pity  
Young nigga gotta floss, hey

I been trippin' all week off the narcotics  
Takeoff on Pluto, got some hoes beside me  
Sipping Hi-Tech, moving like a zombie  
That boy say he looking for me, come and find me  
Pull up with trip and we tweaking  
VVS's on me blinging  
Smoking dope with the demons  
Dress according to the seasons  
Pop a perc, then I leave this Earth  
I ain't coming back  
I'm making plays in the field like a running back  
Louis V tennis shoes, I'm trapping on avenues  
Alexander McQueen my protégé

I'm sipping on lean out of lemonade  
I pop me a xan then I levitate  
You can't live how I live  
'Cause I wake up every day with pints in my fridge

All my life I been limitless, nigga never had a limit, huh  
Yeah, rollin' around in the Rari, you still in the Civic  
Yeah, rollin' around in my city, I feel like I'm Diddy
