Wicked

Trippie Redd

The wicked clock goes tick tock Freezing time as it rides down your block Cause it's timeless Cause it's timeless, you dig? Ooh

We'll go to the moon and the stars We'll go to the moon and the stars We'll go to the moon and the stars Wicked, them stars in my ceiling We'll go to the moon and the stars We'll go to the moon and the stars We'll go to the moon and the stars We'll go to the moon and the stars

Floating around in a Wraith every day, out in space Smoked the first blunt in the day I feel omega today, I feel colossal today Floating around, outer space Speed of light, don't wanna race Keeping the opps on the chase I see stars all in my cake Superstar, I need a cape "How you feel Trip?" I feel great Laser beam open your face And it won't leave a trace That's why I'm feeling so safe Damn I'm love with this place Took my bitch on a date Gaze at the moon and stars today

We'll go to the moon and the stars We'll go to the moon and the stars We'll go to the moon and the stars Wicked, them stars in my ceiling We'll go to the moon and the stars We'll go to the moon and the stars We'll go to the moon and the stars We'll go to the moon and the stars

Jump out the whip and just float I got some things you should know Always keep faith and keep hope I used to play with the dope I used to play with the dope Blowing this smoke I just love blowing these O's Keeping my mind comfortable Hope I don't overload I feel like temperatures froze This is the life that I chose yeah 'Cause I'm timeless, yeah Get treated like your Highness, yeah Hope the Solar System don't leave you blinded (Wicked) We'll go to the moon and the stars We'll go to the moon and the stars Wicked, them stars in my ceiling We'll go to the moon and the stars We'll go to the moon and the stars We'll go to the moon and the stars Wicked, them stars in my ceiling
