

High

Tripping Daisy

Step on God
He can take it man
He's the one
I can look through when I'm down

He's the only for me when I'm High
He's the only one for when I die
Well I can't forgive him for every word he said
Well I'm standing at the hill

Step on the earth
It can give a man
It's the only the one for me when I die
Give it all

In the early morning
Stick and stones they cry for me
When I'm high
Well I can't remember every word he said

When I'm standing here just looking through the air
And I can't forget the times they've gone away
Well I'm
