

## Abyss Within My Soul

Triptykon

The dead are never gone  
I can feel them all around me  
I am drowning in an ocean  
How I wish that you would join them

I am burning  
I seek revenge  
My eyes are blind  
My rage is chaste

Rise  
Abyss within my soul

The dead are never gone  
I can always hear their voices  
These dark waters will consume me  
And the sun shall never rise

Every nail piercing my flesh  
Manifests your helplessness  
Die you shall

I am Lazarus  
Arisen from my tomb  
My limbs are trembling  
My hands are bleeding

The day of demise  
Rise  
Abyss with my soul
