

# End of the World

Trisha Yearwood

Right now  
I bet he's looking so fine  
By now  
She's started feeling the wine  
Right now  
He's probably paying the tab  
And they're getting in a cab

I wondered how this would feel  
Turns out it ain't no big deal  
It's just the end of the world

Right now  
He's already stolen a kiss  
By now  
She says she never does this  
Right now  
She's asking him if he can stay  
And I know what he'll say

I wondered how this would feel  
Turns out it ain't no big deal  
It's just the end of the  
World crashing down on me  
Breath in and out of me  
Time will run out before long  
He's gone  
And it's just the end of the world

So this is how it goes down  
No falling sky, no trumpet sound

I wondered how this would feel  
Turns out it ain't no big deal  
It's just the end of the  
Sun shining down on me  
Breath in and out of me  
Time will run out before long  
He's gone  
And it's just the end of the world

He's gone  
And it's just the end of the world  
The end of the world
