

# Melancholy Blue

Trisha Yearwood

Ever since I lost you, baby  
I've been here and there  
Lookin' for some peace of mind  
Can't find it anywhere  
I went down to Tunica  
Played me a little blackjack  
Saw a wino on the corner  
Gave my winnings back

If it was just money, baby  
I could make it  
But living without you  
Can I take it?  
All I see ahead of me  
Is just melancholy blue  
'Cause I ain't got no future  
Without you

I went down to Austin  
Lots of beautiful people there  
Could have had a better adventure  
I just didn't care  
Got a job in California  
They sure liked my style  
But there's somethin' 'bout that California sun  
Reminds me of your smile

If it was just money, baby  
I could make it  
But living without you  
Can I take it?  
All I see ahead of me  
Is just melancholy blue  
'Cause I ain't got no future  
Without you

Now and then, I go back to Biloxi  
Whenever I feel brave  
Visit that little country church down there  
Lay some flowers on your grave  
You sure got a hold on me  
I don't know what to do  
I ain't got no future  
I can't see my future  
Without you
