

# This Is Me You're Talking To

Trisha Yearwood

This was bound to happen  
It was just a matter of time  
This town is just too small for  
Us to really say goodbye  
You're smiling that smile that  
You get when you're nervous  
Like you don't quite know what to do  
But this is me you're talking to  
This is me you're talking to

I've heard you met somebody  
It didn't take you very long  
And I'll admit it isn't easy  
Knowing you've moved on  
But I can see how you could make any woman  
Fall deep in love with you  
This is me you're talking to

Me, the one who really knows you  
Me, the one whose heart you've broken  
Me, the one who was still hopin'  
You might be missing me

We don't have to do this  
We don't have to act like friends  
As much as I would love to  
I really just don't think I can  
You don't have to tell me that you really love me  
After all we have been through  
'Cause this is me you're talking to

Me, the one who really knows you  
Me, the one whose heart you've broken  
Me, the one who was still hopin'  
You might be missing me

Oh, and you don't have to say that you do  
This is me you're talking to  
This is me you're talking to
