

Guest Check

Tristan Prettyman

Well he thinks that he's got me
He thinks that I'm giving in
But I know all the lies and the alibis and the hypnotizing
Where do I begin?

He's says that girls lie
But I got news for him, 'cause boys lie too
And I'm through with all your games
And all your excuses, down to everything you say and do

'Cause I've seen things from a different view
And I realize all the things I already knew
You're not for me
You know I don't think that you've ever been good for me

Ya know, there's got to be someone out there who's real
There's got be someone who can honestly say they feel
This music underneath my fingertips
She says, "Get a grip girl, 'cause guys like that don't exist"

Well I just wanna laugh my way through life
And no worry about whether they think what I'm doing is wrong o
r right
'Cause I've got so much to learn
And you know this fires just dying to burn...

I think it's time to leave...
Can I have the guest check please?
I'm saying good-bye, to all the comfortable things
I'm going out living my life, gonna see what a little livin' wi
ll bring

'Cause I've seen things from a different view
And I realize all the things I already knew
'Cause your not for me
And no I don't think that you'll ever be good for me
