

# Quit You

Tristan Prettyman

I guess so maybe  
We're not meant to be  
And the thing I feel  
Is just a comic thing  
But I've never loved the way I loved you  
And I don't think my heart has ever been so true  
'Cause I just can't seem to shake wake break it or quit you  
Oh ohh, I can't quit you, ohh oh oh, oh oh oh

I cannot sleep, what is your love and I miss  
You're like a fever that I'm coming down with  
You said a lot, but I'm never hurt no  
You said to join but I'm never let go  
'Cause I just can't sing to shake wake break it or quit you

Oh ohh, I can't quit you, ohh oh oh, oh oh oh

What will it take to make you see  
If only you just choose me  
Oh I'd love till the day I die  
Then forever I will be satisfied

I'll be satisfied

While it be easier if you were just some guy  
From some other town didn't live close by  
But you got me good and I can't quit,  
Now yeah I'm hooked on you and I'm freaking out  
Because I just can't seem to shake wake break it or quit you  
Oh ohh, I can't quit you, ohh oh oh, oh oh oh

'Cause you just can't just can't seem to, seem to  
I just can't, just can't seem to seem to  
I just can't seem to shake wake break it or quit you  
Oh ohh, ohh oh oh  
Oh I can't quit you, and I'm always gonna miss you,  
I'm always gonna love you  
'Cause I can't quit you  
Oh ohh, ohh oh oh  
'Cause you just can't seem to shake wake break it or quit you
