

Nature's Child

Triumph

I was brought up in the backstreets
A motherless son with no family
Out on my own to face reality
I heard my dear daddy was just like me

I'm a nature's child
I'm a nature's child
On the loose, runnin' wild

I live my life
Like I wanna live
I got no reasons that I have to give
Now no one's got
No chains on me
I'll tell you somethin' baby
It's the way it should be
