

## Street Fighter (reprise)

Triumph

Far away over the hills  
And over the plains  
Lawmen search for the man  
With no last name  
Killer killed a killer  
And a killer's got  
To take the blame  
Life seems wasted on some  
It seems such a shame

Street fighter man  
You got to run while you can  
Street fighter man  
You got to run while you can
