

Turn My Back On Love

Triumph

I've been your victim, I've been your fool
You terrorize, you break the rules
I've had enough of your games
I can't take it anymore
Your pretty poison's gonna make me blind
I've had it baby, I've made up my mind
I'm tired of wasting my time
And I told you before
I'll say it once again

I turn my back on love
Don't fight about it
Or beg for sympathy
I turn my back on love
I'm right about it
Oh baby set me free
Oh baby set me free

I've been mistreated, I've been misused,
I've paid the price, Yes I've paid my dues
You had me under your spell
Like some voodoo child
Your love potion got the best of me
You left me nothin' but my dignity
Ain't nothin' you can say
You got no alibis So I'll say it once again
