

# The Thing That's Killing Me

Trivium

The Devil is in the details  
This story is one of betrayal

Hungry for unworthy  
You are the undeserving  
No honor, no valor  
No fucking gratitude  
You are the wrong that I must right

You are the thing that's killing me  
You're poisonous

You are the thing that's killing me  
Now I'm here to bury thee

Set fire to the empire  
While growing fat off this world

Hungry for unworthy  
You are the undeserving  
No honor, no valor  
No fucking gratitude  
You are the wrong that I must right

You are the thing that's killing me  
Now I can see

You are the thing that's killing me  
You're poisonous

You are the thing that's killing me  
Now I'm here to bury thee
