

Breathe You in My Dreams

Trixie Whitley

(Well,) I could move mountains
Sail away
Only 'cause
I've got this much faith
This love
Is alive
But I'm crying
and lonely these nights

Silver shadows
Walking by my side
Silver shadows
Walking by our side
But I ain't coming
I ain't coming home tonight
I breathe you in my
I breathe you in my dreams

I'll breathe you in my dreams
I breathe you
I breathe you in my dreams
I breathe you
I'll breathe you in my dreams
I breathe you
I breathe you in my dreams

I can't taste our soil
Through the rains of your eyes
His charm
It conflicts with
With the oceans of my
Of my (own) pride

Silver shadows
Walking by my side
Silver shadows
Walking by our side

But I ain't coming home
I ain't coming home tonight

But I breathe you in my dreams
I breathe you
I'll breathe you in my dreams
I breathe you
I'll breathe you in my dreams
I breathe you
I'll breathe you in my dreams
