

# Only Young Once

**Trixter**

Look in the mirror and say  
Where am I going?  
And you feel you've lost everything  
That you've got to give.  
Sometimes you wanna give it up  
But you know that you won't  
Love of what you do  
It's calling from above sayin'  
Ooh, you've got that look in your eyes  
And ooh everything's gonna be alright  
Ooh, you've gotta try for higher yeah yeah  
Your parents think that you live in a fantasy world  
Where dreams are things  
That never ever ever come true for you  
But you don't care 'cause you know that  
There ain't no doubt  
It's the risk that you're takin'  
The break you'll be makin'  
That's what you're all about

Yeah, i can feel it  
And it's calling out your name  
Now the time has come  
For you to win the game

'Cause you've got  
One dream is runnin' through your mind  
And you ain't fiving up 'til you cross that line  
It's now or never 'cause you're  
Only young once  
One dream is all that it takes  
The struggles on 'til you get your break  
It's now and never 'cause you're  
Only young once  
In your life in you life  
Well it's your one shot baby  
You're only young once  
Only young once yeah yeah yeah yeah

Yeah i can feel it  
And it's calling out your name  
Now the time has come  
For you to win the game

'Cause you've got  
One dream is runnin' through your mind  
And you ain't giving up 'til you cross that line  
It's now or never 'cause you're  
Only young once  
One dream is all that it takes  
The struggles on 'til you get your break  
It's now and never 'cause you're  
Only young once  
'Cause you're  
Only young once

You hear it all around you

Everywhere you go  
Say boy you better keep in step  
Play by the rules.

I can be anything  
There ain't nothin' I can't do  
Well it's just me, my life and the truth  
And I don't care what they say

Only young once  
Only young once  
Only young once  
Only young once
