

Round Round We Go

Trooper

Ooooooh, darlin' darlin'
It's your style to change your mind
But darlin' darlin'
Each time you do
I rearrange to suit you
In and out
Round and round again

Ooooooh, darlin' darlin'
Life was all glitter
Everything just a game
But darlin' darlin'
Now you're so bitter
Everything's pouring rain

In and out
On and on and you're
Turning me upside down
Turning me inside out
And I feel
My head is spinning round

Round, round we go (round, round we go)

Ooooooh, darlin' darlin'
Each day's a new day
A change in the weather
But darlin' darlin'
Each mood is a new one
Nothing remains the same

In and out
On and on and you're
Turning me upside down

Turning me inside out
And I feel
My head is spinning round

Round, round we go (round, round we go)
