But she didn't add time, she said she takin me out (leave em a tip)  
When the card declined I wouldn't pay that cash  
Bout a week went by and she ain't paid back fast  
The money is nothing, it's just a principle loving  
And the food was disgusting, rather felits when I does it  
She came over for gain actin like she ain't over  
I said do you got that paper? The bitch told me no  
I said cool, you keep it, I wasn't even ferior  
She said hold that for dinner, it ain't even in serious  
That reverse psychology don't work on me  
She try to play on my ego, I made a play like Debr
