I'm so ambitious

I want me a Ferrari, but I'm driving a Benz

But how you're gonna get it, well that depends

Drive and selling dope with my friends

All rap shit when that begins!

I'm so ambitious

Pretty eyes hoes got me so ambitious

I'm so ambitious

Diamonds with the gold got me so ambitious

Tried to get more got me so ambitious

I'm so ambitious!

I'm so ambitious!

I went from a truck to a Benzo

But rallies on a wheel is turning bitches to a nympho

Street life got my time feeling like it's wrong

We're in the streets watching, you ain't come to see them all

The soul's being sane and the joy and the pain

Add the money with the murders and you got the drug game

I'm steady moving cane, like
