[Baby Solider]

I'm Baby Soilder  
I done told ya  
I'm taking over

Money spending windows tinted  
My cousin see told me if it ain't tru i can't get up in it  
We on the rise we got the shine  
Where y'all stay broke niggas slang nickels and dimes  
We outstand it, we should've planned it  
Moving birds everyday niggas we taking chances,we taking chances

Chorus Repeat 4x

[D.I.G.]

First of all I got my niner, she's my body breeder  
And every time that I squeeze she screams like Anita  
That's why I keep her to my motherfucking waist line

In case one of you niggas try and take mines, thugged out  
And I'm leaving your set with my guns out  
And it ain't no love know  
I'ma about bust your your shit and watch you drown  
And your heart stop  
And know you feel the pain coming from my glock  
And that's what you get for trying to hit my motherfucking block

Chorus Repeat 2x

[Reginelli]

I'm Reginelli I'm more deadly than the HIV  
And for all them niggas that oppose me you better bring help  
I'm like pork chops and pork and beans I'm bad for your health  
This niggas a devil  
The fatal thought sank in my mind  
I'm so fucked up I don't if I'm living or dying
