

Aliens On Alcohol

Truly

Well I'm on the road
with a lonely ghost
Sipping rum spilling coke

Come over to tonight
Don't call
We're tipping the bottle over

Aliens on alcohol
Glitter at the ball
They don't know who to call
I took em down town

Where's Margaret tonight?
Don't know
We're tipping the bottle over

Aliens on alcohol
Glitter at the ball
They don't know who to call
I took em down town
I took em down town
I took em down town
I took em down town
