

Indelible are the next few days.  
Jupiter is penetrated Jupiter got laid  
Little Leslie what did you dream?  
"I dreamt of Cindy & her thorazine screams  
& her perma teen light  
& I've seen her loose her mind."  
Howl... rolling on the floor  
Howl... rolling on the floor  
All systems fail angels, get out of jail  
(spells for dreams, perma teens, endlessly entwined)  
Leslie & Cindy? what do you think?  
should we try? should we die?  
should we do anything?  
all I want in this desperate night  
is your hoop of hovering light.  
Howl... rolling on the floor  
Howl... rolling on the floor  
Howl... rolling on the floor  
Howl... rolling on the floor
