

Hot Summer 1991

Truly

Lied to long in the sun
Came undone in the sun

Take a little walk into the
Hot summer sun.
Take a little ride until the
Whole summer's gone.

Rip your match & let's run.
Lonely days in the sun.

Take a little walk into the
Hot summer sun.
She used to tag along
Until the whole summer's gone.

Annette looks ready for inspection.
Dying to the radio station.
In love with a stranger's face.
Summer's gone.
Summer's gone.
Summer's gone.
