

# Disappear

Tsar

Silver Sparkles in the moonlight on the ocean, by  
the clock of winter I'm in love.  
Let's go to the picture show if I,  
had to guess I'd let you know.  
What I wanna do is clear,  
sometimes I wish that I could Disappear,  
disappear.  
Red wine now I find sometimes,  
the world's, too sober.  
Over and over and I'm in love.  
Now I wish I were a fish,  
Swimming up as your favorite dish.

Throw me back down from the pier I,  
swim away and now I disappear. I disappear.  
And I'm so worried,  
cause I don't know what to say.  
And I'm embarrassed,  
cause I heard you think I'm gay.  
I make some happy, and I make some sad but  
LOOK AT WHAT YOU'VE DONE TO ME!!!!  
What I wanna do is clear,  
sometimes I wish that I could disappear,  
disappear,  
disappear,  
disappear.
