

Not Just Me

Tub Ring

An open wound made worst
With pouring salt inside
Prove to be a man may hurt
But I never cried

Go on and hit me there
Can't You see that
I've had enough
Stop calling me stupid
Don't you respect that
I'll never give up

One day
the world will fear me
Guess that makes
Me a leader somehow

One day
All people will adore me
And it all starts Right now
And I mean it

I'll have the world
In the palm of my hand
With force, not thought

I can start a revolution
with friends I've bought
I can make a change

And if I'm forced
To come out fighting
I'm sure the outcome
Will cause all people to see
And not just me

I'll keep on fighting
No, I'm never going to stop
Until the day
That I end up on top
