

See me me me me in the picture  
Take it down  
Look at me me me in the picture  
Take me down

I could be the sunlight in your eyes  
couldn't I?  
Squinting at the sun up in the sky  
Couldn't I?  
Couldn't I?

Look at me me me in the picture  
Who's it cry  
Look at you you you in the picture  
Say goodbye  
Goodbye, good

I could be the sunlight in your eyes  
Couldn't I?  
Couldn't I?

Screaming at the winking shutterfly  
Couldn't I?  
Couldn't I?

I could be the sunlight in your eyes  
Couldn't I?  
Couldn't I?

Light so fast you'll feel it when you die  
You didn't try  
You didn't try
