

Venus Diablo

Tura Satana

Cross your heart
Hope to die stick a needle in your eye...
His heart is bleed inside her hand her sugar kisses are twisted
she puts his finger into her mouth and teaches
him to be wicked he's made of heaven and angels wings these things
she cannot forget but when you want
something bad enough what will you do? what will you do to get
it now...
I'm gonna take you down how low can you go I know you're going
down now you're going down low I'm gonna take
you down how low will you go... VENUS DIABLO
Scars and wound and burns are what you'll have but I will kiss
your bruises, I will pick your scabs
Repeat chorus
This is a sinners prayer, sick sucking on air and I will never
get to heaven... neither will you because you
are one of me

(vomiting) oh god, that so was so fucking bad, but i was at a loss
so i left it up to you, i love you with all my heart and i
hope you don't hate me more than you already do, but you deserved
it.
