

# Back In Denim

Turbonegro

I'm back, I'm back in denim  
And denim put the soul in your rock 'n' roll  
I'm back, I'm back in denim  
And denim put the soul in your rock 'n' roll

And denim put the soul in your rock 'n' roll  
And denim put the soul  
(Soul, soul)  
In your rock 'n' roll

Here I am back again with a bang  
Made it up New York City scam  
In print on CD and video  
I'll make a mint, my generations slow

Throw away cash on your 45's trash  
Selling pure gold? Denim, tell 'em I'm coming

I'm back, I'm back in denim  
And denim put the soul in your rock 'n' roll  
I'm back, I'm back in denim  
And denim put the soul in your rock 'n' roll

Back again in a modern Greek tragedy  
I made amends in a Catholic church on my knees  
Camera lens, take your shot, take your piece of me  
Deceptive trends, just ignore they don't bother me

Go up down streets, see the Mayfair chic  
Get a penthouse ready, yeah, tell 'em I'm coming

I'm back, I'm back in denim  
And denim put the soul in your rock 'n' roll  
I'm back, I'm back in denim  
And denim put the soul in your rock 'n' roll

And denim put the soul in your rock 'n' roll  
And denim put the soul  
(Soul, soul)  
In your rock 'n' roll

You'll get it if you really try  
You'll get it if you really try  
You'll get it if you really try  
You'll get it if you really try

He's back, he's back in denim  
And denim put the soul in your rock 'n' roll  
He's back, he's back in denim  
And denim put the soul in your rock 'n' roll

I'm back, I'm back in denim  
And denim put the soul in your rock 'n' roll

And denim put the soul in your rock 'n' roll  
And denim put the soul  
(Soul, soul)

In your rock 'n' roll

I'm back, I'm back

I'm back, I'm back

I'm back, I'm back

I'm back, I'm back

I'm back, I'm back

I'm back
