

Sailor Man

Turbonegro

Oh so handsome -
Oh so strong -
Tell me stories of distant shores -
All night long -
I shiver all over -
When I see your lovely tan -
And I can tell by your clear blue eyes -
You're a sailor man -
Oh sailor man -
From polar land -
Oh sailor man -
Come take my hand -
Oh sailor man - Take me along -
Show me the port-au-prince and Hong Kong -
Oh sailor man -
I sure hope you don't drown -
I'd rather have you showing me Cape Town -
You know your way to New York, New York -
Where we can go to bars -
A strong blonde handsome sailor -
Norwegians call you Lars -
Oh sailor man -
From polar land -
Oh sailor man -
Come take my hand -
Oh sailor man -
I'd surely die -
To see the ports of Rostock and Shanghai -
Sailor Man -
Oh, sailor man -
Please take my hand -
Oh tender sailor man
