

Fishing For A Dream

Turin Brakes

Let's go fishing for a dream
Let's find some place new
Somewhere we can be ourselves
Some of the time

Lose your heart
I lose my mind
We'll make quite a pair
Dazzling all the time

Celebrity parties
The red carpet mile
Nothing is too good there for my girl
All of this world is gonna see you shine

Let's do loneliness in style
Let's put on moonlight mile
And feel those radio waves flow
And don't say you won't

Lose your heart
I lose my mind
We'll make quite a pair
Dazzling all the time

Celebrity parties
The red carpet mile
Nothing is too good there for my girl
All of this world is gonna see you shine

I lose your heart
And I'll lose my mind
We'll make quite a pair
Dazzling all the time

Celebrity parties
The red carpet mile
Nothing is too good there for my girl
All of this world
