

Ghost

Turin Brakes

You are the Ghost,
That I miss the most,
I keep on waiting and waiting and waiting
I don't mind.
How long it takes,
How long I wait,
Because you're my baby my baby my baby,
So I don't mind

How long. It takes.
for you. To come too.
To come too,
Too come too

I am the ghost,
That you need the most,
I keep on waiting and waiting and waiting,
And I don't know why
It takes so long,
To make my way home,
But your my baby my baby my baby
So I don't mind,

How long. It takes.
For you. To come too,
To come too,
To come too.

I don't mind,

How long. It takes.
For you. To come too
