

Curtain Falls

Turning Point

When it started
It was new and carefree
But something felt weird
How real could this be
The months passed and the feelings grew
I began to realize you weren't true
It took so long
Now I can see
You took what we once had
And used it against me
Now the curtain falls
And the play is done
The battle is over
But who has won?
Now I'm careful
When I make friends
And your betrayal
Will affect me
Until the end
