

Face Up

Turning Point

The things I see they scare me
Yet I must face reality
I've kept my open eyes and a clear mind
But I'm still afraid of what I might find
In myself
Things are getting fucked up
Still it's hard to close my eyes
I'm still looking for something solid
Behind all your fucking lies
It's time to face up
To what stands in your way
Why can't you face up
And finally have your say
Intimidated
Now I can't see why
I've spoken out, faced up
And I know I've tried
Go!
It's time for you
To face up
To the truth
Before it's too late
