I confuse you with my words  
So you'll never figure me out  
I kinda like to see you hurt  
'Cause it's the only thing that makes me feel  
Like I can sleep at night  
Alone in my bed

I promise I will let you down  
I promise I will let you down  
I promise I will let you down  
I promise I will let you down

'Cause I don't wanna be alone  
But I don't wanna be in love  
All the times I should have let you go  
All the times that I should

No I can't end up all alone  
But I'm too proud to be in love  
So I brought you up just to carry you down

So I called you from the lowest place I've been  
To tell you I was wrong and apologize for always pulling you do  
wn

Let me tell you about the lowest place I've been  
About the lowest place I've been  
About the lowest place I've been
