

Misty Blue

Tuxedomoon

Come away with me
Into the misty blue
We will find paradise
A paradise for two
Where the waves kiss the shore
And the dolphins play
We can hide from the crowd
Down where the palm trees sway

My darling come with me
Come and take my hand
A waterfall at dawn
By the sparkling stream
We'll kiss the night away
Down on the golden sand

Some polynesian god
Smiles for you and me
We'll fly above the waves
Above the deep blue sea
Oh come away with me
Into the misty blue
We will find paradise
A paradise for two
Come away....
