

## Misty Blue

Tuxedomoon

Come away with me  
Into the misty blue  
We will find paradise  
A paradise for two  
Where the waves kiss the shore  
And the dolphins play  
We can hide from the crowd  
Down where the palm trees sway

My darling come with me  
Come and take my hand  
A waterfall at dawn  
By the sparkling stream  
We'll kiss the night away  
Down on the golden sand

Some polynesian god  
Smiles for you and me  
We'll fly above the waves  
Above the deep blue sea  
Oh come away with me  
Into the misty blue  
We will find paradise  
A paradise for two  
Come away....
