

## No Tears

Tuxedomoon

No tears from the creatures of the night  
No tears  
My eyes are dry  
Goodbye  
I feel so hollow i just don't understand  
Nothings turned out like i planned  
My heads exploding  
My mouth is dry  
I can't help it if i've forgotten how to cry  
No tears from the creatures of the night  
No tears  
My eyes is dry  
Goodbye  
My eyes is dry  
Goodbye  
My eyes is dry
