

## What Use?

Tuxedomoon

What's the use  
Of feeling betrayed  
What's the use  
Of feeling at all  
I'm pacing the floor  
I'm wearing it smooth  
This is stupid  
I think i'll go home  
What's the use  
Of moving uptown  
Fly to Rome  
On your credit card  
An endless parade  
Of lawyers and finance  
Plenty of time with nothing to do  
Give me new noise  
Give me new affection  
Strange new toys from another world  
I need to see more  
Than just three Dimension  
Stranger than fiction  
Faster than light
