

Happy Idiot

TV on the Radio

Stuck in the shade
Where there's no sunshine
I don't wanna play
With them other kids in the sun.
Since you left me, babe,
It's been a long way down
Yeah, you left me, babe
It's been a long way down.
What you don't know won't hurt you, yeah
Ignorance is bliss
I'm a happy idiot
Waving at cars.
I'm gonna bang my head to the wall
