

## Happy Idiot

TV on the Radio

Stuck in the shade  
Where there's no sunshine  
I don't wanna play  
With them other kids in the sun.  
Since you left me, babe,  
It's been a long way down  
Yeah, you left me, babe  
It's been a long way down.  
What you don't know won't hurt you, yeah  
Ignorance is bliss  
I'm a happy idiot  
Waving at cars.  
I'm gonna bang my head to the wall
